

Spare Parts & Accessories

Genuine Hovernest Components — Engineered for Uptime

OVERVIEW

A comprehensive range of genuine Hovernest-certified spare parts and accessories, engineered for cross-platform compatibility and field reliability. Designed to maximise operational uptime, reduce maintenance overhead, and ensure performance continuity across all Hovernest UAV systems — with same-day dispatch availability.

AVAILABLE COMPONENTS

Propellers	Carbon fiber CW/CCW pairs — 5" to 30" range
Battery Packs	LiPo (3S–6S) / Li-Ion smart batteries with BMS
Brushless Motors	BLDC — agricultural, racing, and survey grade
ESC Modules	BLHeli32 / AM32 individual & 4-in-1 units
Airframes & Frames	Carbon fiber, replacement arms, landing gear
Payload Mounts	Camera gimbals, delivery pod mounts, sensor brackets
FPV Systems	Cameras, VTX units, antennas, goggles
GPS Modules	RTK / standard GPS, compass units
Telemetry Modules	900 MHz / 2.4 GHz radio telemetry sets
Connectors & Cables	XT30, XT60, XT90, servo cables, signal wiring
Sensors	LiDAR, ultrasonic, flow sensors, thermal modules
Chargers	Multi-port LiPo / Li-Ion balance chargers

KEY ADVANTAGES

- ▶ Guaranteed compatibility across all Hovernest UAV platforms
- ▶ High-durability materials rated for field and harsh-environment use
- ▶ Modular design — component swap without specialized tools
- ▶ Same-day dispatch for critical stocked components
- ▶ Full documentation and fitment guides included with every part

PLATFORM COMPATIBILITY

- ▶ HVTOL-01 — Multipurpose VTOL Drone
- ▶ HFSW-02 — Fixed-Wing Survey Drone
- ▶ HAGR-03 — Precision Agriculture Drone
- ▶ HFPV-04 — FPV Inspection Drone
- ▶ HNFC-05 — NeuroFC AI Controller
- ▶ Custom OEM & Integration Builds
